

BUDGET Policy

For Agents
**Greater
Commissions**

AGENTS

We care for our agents, and have a motto of joining hands and working together, so as to we can help each other grow. Our agents enjoy higher commissions, timely payments and complete transparency. We have a fairly easy joining policy for qualified agents that helps them get started almost immediately.

Student Recruitment Guide

Our special training enables the qualified agents to recruit students easily and also suggest the best possible insurance policy to them, based on their visa conditions and spending capacity.

Not only the agents are able to generate more business for us this way, but are also able to earn higher commissions for themselves by referring more students through to us.

Dedicated Support

All our agents enjoy a dedicated support agent to assist them at every step and look after questions and queries, if any. Discrepancies, if any, are dealt at priority and sorted within 48 working hours!

Complete Transparency

No hidden clauses, terms or conditions to bring any shocks or surprises later! Completely transparent operations and lucrative slab-based commission plans to help the agents earn more for referrals.

Automated Payments

An automated payment process to make sure that the agents get the commissions directly into their accounts in time, every time.
