We care for everyone we are associated with; and our partners are our lifeline. It will be very true to say that we are incomplete without our partners. We choose our partners/providers very wisely so that our customers get the best products and services right at the time when they need it. Our direct affiliation with the world-renowned insurance providers enables us to bring feature-filled insurance covers at discounted prices.

Partnering with the Top Insurance Providers

One of the reasons that our customers are happy and satisfied with us is because of our providers. We partner with some of the top and best insurance providers around the world that provide no-nonsense health insurance and make it easier to make the most of the cover.

Insurance Policies at Discounted Prices

As we provide great business to all our providers, they provide tailored insurance policies to our customers at huge discounts. In a way, our partners oblige us with these special prices and enable us to provide discounted insurance policies to all our customers.

Dedicated Agents for Providers

We care for our providers; therefore, we have agents dedicated to cater to their questions and queries. All our providers have round-the-clock access to a dedicated agent managing all their queries.

If you wish to be one of our providers, please get in touch with us and we'll be more than happy to assist you.

Speedy Payment and Dispute Settlement

Our special payment & dispute management assures that disputes, if any, of any kind, get settled at the earliest. The providers, of course, get a dedicated agent for speedy and hassle-free resolution of payments and discrepancies.
